### Subject

Mental Health Training to Camden Council Staff

### Details of enquiry

What type of mental health training is delivered to Camden (Council) staff and who accesses it (professional group, organisation, etc.).

### Response Sent

We have in the last two years provided a range of mental health trainings to Camden (Council staff).

Bespoke programmes which the Tavistock and Portman Department of Education and Training have managed include:

- Self-harm and Suicide in Young People – delivered 21 March 2014
- Leading Change for Integrated Services, 3-day experiential learning course – delivered by Tavistock Consulting in March 14
- Systemic training to Camden children's social work service – Commissioned Sept 2015 and delivered on-going
- Safeguarding Adults Awareness - to be held on Wednesday 20 July 2016

More detail would be through the Portfolio Manager.

In addition, clinical training will have been provided and our head of Clinical services lead for Camden would be the appropriate contact for further particulars.
