Subject

Contractual Data on Data Systems Used

Details of enquiry

1. Does your trust use a **Personal health record/patient portal** if yes please could you answer the following:
   · Supplier name
   · System name
   · Current contract start date
   · Current contract end date
   · The procurement method that was used to obtain this system i.e. what framework?
   · The current contract status and procurement intentions, are you in procurement or have you already procured?
   · Are you looking to renew this system?
   · The total contract Value?
   · Do you have mobile access to this system yes or no

   Does your trust use a **TIE (Trust Integration Engine)** if yes please could you answer the following:
   · Supplier name
   · System name
   · Current contract start date
   · Current contract end date
   · The procurement method that was used to obtain this system i.e. what framework?
   · The current contract status and procurement intentions, are you in procurement or have you already procured?
   · Are you looking to renew this system?
   · The total contract Value?
   · Do you have mobile access to this system yes or no

2. Does your trust use a **Health Information Exchange** if yes please could you answer the following: **(**HIE provides the capability to electronically move clinical information among disparate healthcare information systems, and maintain the meaning of the information being exchanged.)
   · Supplier name
   · System name
   · Current contract start date
   · Current contract end date
   · The procurement method that was used to obtain this system i.e. what framework?
   · The current contract status and procurement intentions, are you in procurement or have you already procured?
   · Are you looking to renew this system?
   · The total contract Value?
   · Do you have mobile access to this system yes or no

3. Does your trust use a **Clinical Portal (single organisation alternative to EPR)** if yes please could you answer the following:
    · Supplier name
    · System name
    · Current contract start date
    · Current contract end date
    · The procurement method that was used to obtain this system i.e. what framework?
    · The current contract status and procurement intentions, are you in procurement or have you already procured?
    · Are you looking to renew this system?
    · The total contract Value?
    · Do you have mobile access to this system yes or no

4. Does your trust use a **E-Rostering (staffing) e.g. Clarity/HCL** new bus if yes please could you answer the following:
    · Supplier name
    · System name
    · Current contract start date
    · Current contract end date
    · The procurement method that was used to obtain this system i.e. what framework?
    · The current contract status and procurement intentions, are you in procurement or have you already procured?
    · Are you looking to renew this system?
    · The total contract Value?
    · Do you have mobile access to this system yes or no

5. Does your trust use a system for **Corporate scheduling** if yes please could you answer the following:
    · Supplier name
    · System name
    · Current contract start date
    · Current contract end date
    · The procurement method that was used to obtain this system i.e. what framework?
    · The current contract status and procurement intentions, are you in procurement or have you already procured?
    · Are you looking to renew this system?
    · The total contract Value?
    · Do you have mobile access to this system yes or no

6. Does your trust use a **Population health management system** if yes please could you answer the following: (example suppliers are EPR providers (Cerner, Allscripts, Epic etc), integration-led (Graphnet, Orion, ISC etc) and PHM specialists (e.g. MedeAnalytics)
    · Supplier name
    · System name
    · Current contract start date
    · Current contract end date
    · The procurement method that was used to obtain this system i.e. what framework?
    · The current contract status and procurement intentions, are you in procurement or have you already procured?
    · Are you looking to renew this system?
    · The total contract Value?
    · Do you have mobile access to this system yes or no

7. Does your trust use a **Finance BI and analytics system** if yes please could you answer the following:
    · Supplier name
    · System name
    · Current contract start date
    · Current contract end date
    · The procurement method that was used to obtain this system i.e. what framework?

· The current contract status and procurement intentions, are you in procurement or have you already procured?
· Are you looking to renew this system?
· The total contract Value?
· Do you have mobile access to this system yes or no

8. Does your trust use a **Live operational dashboard system** if yes please could you answer the following:
· Supplier name
· System name
· Current contract start date
· Current contract end date
· The procurement method that was used to obtain this system i.e. what framework?
· The current contract status and procurement intentions, are you in procurement or have you already procured?
· Are you looking to renew this system?
· The total contract Value?
· Do you have mobile access to this system yes or no

9. Does your trust use a **Genomics platform** if yes please could you answer the following:
· Supplier name
· System name
· Current contract start date
· Current contract end date
· The procurement method that was used to obtain this system i.e. what framework?
· The current contract status and procurement intentions, are you in procurement or have you already procured?
· Are you looking to renew this system?
· The total contract Value?
· Do you have mobile access to this system yes or no

10. Does your trust use a **Outcomes/performance benchmarking** if yes please could you answer the following: (the key suppliers are Dr Foster, CHKS and UHB. These systems enable a trust to compare their key clinical outcomes indicators, such as mortality, length of stay and readmission rates, with other NHS trusts)
· Supplier name
· System name
· Current contract start date
· Current contract end date
· The procurement method that was used to obtain this system i.e. what framework?
· The current contract status and procurement intentions, are you in procurement or have you already procured?
· Are you looking to renew this system?
· The total contract Value?
· Do you have mobile access to this system yes or no

11. Does your trust use a **Transfers of care system** including Electronic referral system, Electronic handover solution, Discharge summary solution, Discharge planning solution, Hospital to community pharmacy referral system, if yes please could you answer the following:
· Supplier name
· System name
· Current contract start date
· Current contract end date
· The procurement method that was used to obtain this system i.e. what framework?
· The current contract status and procurement intentions, are you in procurement or have you already procured?
· Are you looking to renew this system?
· The total contract Value?
· Do you have mobile access to this system yes or no

Response Sent

You have asked for information on 12 systems, of which we use only one, the Finance BI and Analytics system.
Does your trust use a **Finance BI and analytics system** if yes please could you answer the following:

- Supplier name = In house developed solution of Data warehouse and reports

- System name = n/a (We use Microsoft Suite SQL Server and Reporting Services, which does the reporting and business intelligence functions)

- Current contract start date = n/a

- Current contract end date = n/a

- The procurement method that was used to obtain this system i.e. what framework? (No procurement required for in house development solution)

- The current contract status and procurement intentions, are you in procurement or have you already procured? (n/a)

- Are you looking to renew this system? (We will look next year to procure a BI tool for dashboard/visual reporting the likes of Tableau, Power BI, Qlick view etc.

- The total contract Value? Outline Business Case will be drafted for next year.

- Do you have mobile access to this system yes or no = No, not at present.

Our responses to the remaining sets of questions are as follows:

1. Personal health record/patient portal
   None

2. TIE (Trust Integration Engine)
   None

3. a Health Information Exchange (HIE)
   None

4. Clinical Portal (single organisation alternative to EPR
   None – full EPR in place

5. E-Rostering (staffing) e.g. Clarity/HCL
   None

6. Corporate scheduling
   None – in procurement

7. Population health management system
   None

8. Live operational dashboard system
   None

9. Genomics platform
   None – not relevant to Trust activity

10. Outcomes/performance benchmarking
    None

11. Transfers of care system
    None
