Date sent

17/09/2018

Subject

GIDS Referral Waiting Times by Region 2015-2017

Details of enquiry

- 1. I would be grateful if you could provide me with the following information as to the number of referrals to the Gender Identity Development Service (GIDS), along with the minimum, maximum and mean/average waiting times (in weeks) from referral to first appointment, for years 2015, 2016, and 2017, sorted by region of England
- 2. I am so interested in information regarding the numbers of attempted suicides of children/adolescents whilst on the waiting list for GIDS services, by region of England. If the information is held, would you be kind enough to split the number of children/adolescents whom have attempted suicide, into attempts made whilst waiting for their first appointment (ie between referral to first appointment), and attempts made after first appointment (ie whilst undergoing assessment/support. As with Information Request 1 abovbe, I would like the figures/information for years 2015, 2016 and 2017, (ie a table for each year, split/sorted by region).

Response Sent

I have attached a listing [provided below] of the numbers of referrals received on a national basis by CCG (Clinical Commissioning Group), as this is how we record the provenance of our patient referrals. We do not record this data by regions, which is what you have requested, and to manually extrapolate this data would take more resources than provisioned under the FOI regulations.
