

## Freedom of Information Act 2000 disclosure log entry

### Reference

18-19284

### Date sent

10/01/2019

### Subject

Personality Disorder Services

### Details of enquiry

Please provide me with the following information for your trust:

- What proportion of patients diagnosed with a personality disorder are currently offered treatment by your trust?
- How many of these patients complete their pathways?
- Please state the number of patients on the waiting list for personality disorder treatment?
- Please state total investment in treatment for people with personality disorders in the following years: 2014-15, 2015-16, 2016-17, 2018-19 (to date) *\*this can include both trust investment and direct investment from CCGs*

### Response Sent

the information requested is considered to be not applicable to this Trust.

The Adult and Forensic services of the Tavistock and Portman NHS Foundation Trust function essentially as outpatient psychotherapy services and we do not formally diagnose personality disorder as part of the initial assessment. Rather, we assess the nature of the person's difficulties and address these. We can therefore not confidently provide information regarding the prevalence of this diagnosis within our client population, and do not hold data you have requested regarding completion of treatment pathways or the number of clients with personality disorders on the waiting list for treatment. Your enquiry is therefore considered as not applicable to this Trust.

Information about the Trust can be found on [www.tavistockandportman.nhs.uk](http://www.tavistockandportman.nhs.uk)
