Subject

The Trust's Proposed Relocation Details

Details of enquiry

I would be most grateful if you could send me details of the Trust's intended move from the above site and any details of proposed redevelopment of the site.

Response Sent

The Trust has not yet taken a decision on the long term plan for the site at 120 Belsize Lane, but it is actively working on its business case process together with its partners across North Central London STP and the wider London Estates Plan.

At this time an affordable option has yet to be found that supports either redevelopment of the site or refurbishment. In addition the relative value to our services has yet to be fully articulated.

It would be detrimental to the Trust commercial position to state more at this time, but the Trust will undertake all consultation as duly required in the near future.
