

## Freedom of Information Act 2000 disclosure log entry

### Reference

19-20077

### Date sent

21/06/2019

### Subject

Patients who committed homicide

### Details of enquiry

Please can you tell me the number of your patients that have committed, or who are suspected of committing, a homicide by date, for each of the calendar years 2013 – 2018 inclusive.

- By '*homicide*' I mean murder, manslaughter, infanticide, or causing death by dangerous driving.
- By '*patient*' I mean both community and in-patients who are either current patients or who have had contact with the trust within six months of the offence.
- By '*suspected of committing a homicide*' I mean charged by the Police or found unfit to plead where legal proceedings have not yet been completed, or, where a patient has taken their own life after apparently killing someone else.

### Response Sent

We have conducted several electronic searches of our records, and can confirm that we do not and have not had any patients who committed, or who are suspected of committing, a homicide during the years 2013 – 2018 inclusive.
