Subject

MH Medication Subscribed for Prisoners

Details of enquiry

I would like to know how many prisoners in your area were prescribed medication for mental health issues in each of the last five years, from 2013 to 2018 inclusive.

I would like to receive this information in accessible excel format, with one figure given for each year.

Response Sent

The Tavistock and Portman NHS Foundation Trust is a specialist mental health Trust which provides outpatient psychotherapy services only. We do not provide direct mental health services to prisons, nor direct mental health appointments to prisoners.

The Trust also hosts a Gender Identity Clinic (GIC), in West London, which offers gender services to prisoners, but does not offer mental health services to them.
