

## Freedom of Information Act 2000 disclosure log entry

### Reference

19-20246

### Date sent

04/12/2019

### Subject

GIDS Referrals by County 2012-19

### Details of enquiry

Please could you provide a breakdown of total referrals to GIDS for each the years 2012 to 2019 from each UK county.

Could you please provide the information by postcode and CCG.

### Response Sent

Please see the enclosed two attachments, which both contain the same data (an excel file and for your ease of reference a PDF file too). Please note that this information, provided under FOIA 2000, is information held by this Trust as at 11 November 2019, and so the data provided in the '2019' column is not for the full year.

#### **Further information on the data provided:**

- The data in the attached table does not provide information on numbers less than 5, and has been replaced by '<5'.
- It has also not been grouped by postcode, as this could become identifiable. You will appreciate that this referral data involves low numbers, i.e. less than five. Were we to disclose all the data requested it could potentially lead to identification or re-identification of the individual(s) concerned. Although the postcode and year alone are not personal data, we have also to consider whether other information that is already available, or may become available, to any member of the public, could be combined with the data requested so as to enable identification of the individual(s) concerned. We are, therefore, withholding this information under S.40(2) Personal Information. Section 40 is an absolute exemption under the FOIA and does not require us to carry out the public interest test.
- You may also note that the table includes a 'blank' row. This is because when referrals are added and then rejected on the same day, the system does not pull through the CCG data.
