Subject

CAMHS Waiting List Data 2018-19 and 2019-20

Details of enquiry

1. Breaking down the data by each month, how many young people were referred to CAMHS service for Tier 3 support from March 2019 to July 2020?
2. Breaking down the data by each month, how many young people were refused CAMHS services, because the service lacked capacity from March 2019 to July 2020?
3. Regarding CAMHS services in the financial year 2018-19:
 - i. How many patients waited more than 4 weeks for an initial assessment? (What percentage of the total is this?)
 - ii. How many patients waited more than 18 weeks for an initial assessment? (What percentage of the total is this?)
 - iii. How many patients waited more than 12 months for an initial assessment? (What percentage of the total is this?)
 - iv. How many patients waited more than 4 weeks to start treatment? (What percentage of the total is this?)
 - v. How many patients waited more than 18 weeks to start treatment? (What percentage of the total is this?)
 - vi. How many patients waited more than 12 months to start treatment? (What percentage of the total is this?)
 - vii. What was the longest wait time for treatment?
4. Regarding CAMHS services in the financial year 2019-2020:
 - i. How many patients waited more than 4 weeks for an initial assessment? (What percentage of the total is this?)
 - ii. How many patients waited more than 18 weeks for an initial assessment? (What percentage of the total is this?)
 - iii. How many patients waited more than 12 months for an initial assessment? (What percentage of the total is this?)
 - iv. How many patients waited more than 4 weeks to start treatment? (What percentage of the total is this?)
 - v. How many patients waited more than 18 weeks to start treatment? (What percentage of the total is this?)
 - vi. How many patients waited more than 12 months to start treatment? (What percentage of the total is this?)
 - vii. What was the longest wait time for treatment?

Response Sent

The Trust's CAMHS services work to a Thrive model, all of our CAMHS services are included in the following data.

Our CAMHS services go up to age 25 so there are patients over 18 in this cohort:

- Breaking down the data by each month, how many young people were referred to CAMHS service for Tier 3 support from March 2019 to July 2020?

| 2019 | | | | | | | | | | 2020 | | | | | | |
|------|-----|-----|-----|-----|-----|-----|-----|-----|-----|------|-----|-----|-----|-----|-----|-----|
| Mar | Apr | May | Jun | Jul | Aug | Sep | Oct | Nov | Dec | Jan | Feb | Mar | Apr | May | Jun | Jul |
| 238 | 195 | 223 | 259 | 233 | 168 | 241 | 288 | 317 | 205 | 250 | 264 | 229 | 129 | 169 | 211 | 246 |

- Breaking down the data by each month, how many young people were refused CAMHS services, because the service lacked capacity from March 2019 to July 2020?
Patients are rejected on the grounds of an inappropriate referral. Patients are not rejected due to capacity, although this can mean that waiting times can then be longer
- Regarding CAMHS services in the financial year 2018-19:
(All figures provided are from referral received date)
 - How many patients waited more than 4 weeks for an initial assessment? (What percentage of the total is this?)
735 – 41.8%
 - How many patients waited more than 18 weeks for an initial assessment? (What percentage of the total is this?)
29 - 1.7%
 - How many patients waited more than 12 months for an initial assessment? (What percentage of the total is this?)
4 – 0.2%
 - How many patients waited more than 4 weeks to start treatment? (What percentage of the total is this?)
1,014 – 67%
 - How many patients waited more than 18 weeks to start treatment? (What percentage of the total is this?)
144 – 9.5%
 - How many patients waited more than 12 months to start treatment? (What percentage of the total is this?)
0.7
 - What was the longest wait time for treatment?
529 days (due to patient choice)
- Regarding CAMHS services in the financial year 2019-2020:
 - How many patients waited more than 4 weeks for an initial assessment? (What percentage of the total is this?)
731 – 34%
 - How many patients waited more than 18 weeks for an initial assessment? (What percentage of the total is this?)
28 – 1.3%

- iii. How many patients waited more than 12 months for an initial assessment? (What percentage of the total is this?)
0
- iv. How many patients waited more than 4 weeks to start treatment? (What percentage of the total is this?)
1,089 – 64%
- v. How many patients waited more than 18 weeks to start treatment? (What percentage of the total is this?)
174 – 10.2%
- vi. How many patients waited more than 12 months to start treatment? (What percentage of the total is this?)
0.3%
- vii. What was the longest wait time for treatment?
539 days
